

Montana Transportation Alternatives Program

Lewis & King St Walks – East Helena

TA 5899(65)
UPN 9440000

Project scope: This project constructed various segments of sidewalk in East Helena to connect three schools. The project consists of approximately 3,200 ft of Americans with Disabilities Act (ADA) compliant sidewalk and curb ramps, fencing, drainage improvements, signing, striping, and revegetation. The project provided new sidewalk along portions of North Helena Avenue, King Street, North Montana Avenue, and Lewis Street. A major feature of the project is the 2,600-ft segment of sidewalk along the north side of Lewis Street which provides a direct connection between East Valley Middle School and Eastgate Elementary School. The purpose of the project was to create safe and convenient connections between residential areas and schools for pedestrians.

Preliminary Engineering: Sanderson Stewart
Contractor: Helena Sand and Gravel, Inc.
Completed in 2020
