

Montana Transportation Alternatives Program

S-228 Path - Highwood

TA 8(30)

UPN 8697000

Project scope: 850-ft ADA compliant multi-use path along Montana Highway 228 in Highwood. This project provided a separated bicycle and pedestrian facility adjacent to Highway 228 which lacks shoulders but receives high pedestrian usage, many of whom are children traveling to and from school. This project is part of Highwood's multi-phased project to build a community wide multi-use path. The project includes new concrete multi-use path, ADA ramps, drainage, signing, striping, and revegetation.

Preliminary Engineering: MDT
Contractor: Geranios Enterprises
Completed in 2016

Project costs:
Preliminary Engineering: \$44,590
Construction and Construction Engineering: \$198,108
