MONTANA has 2500 miles of oiled or paved highways. We hope you enjoy them.

YELLOWSTONE and Glacier Parks are the most advertised scenic attractions, but you may find your greatest thrill in some unheralded bit of scenery.

EQUIP yourself with a fishing and hunting license. Enjoy Montana's lakes and trout streams while you are here.

WE hope you enjoy your stay in Montana. It is a real summer playground.

TELL other tourists about Montana's roads. They may have visited here a few years ago—before our highway program was so far advanced.
