

- ### TRAFFIC REGULATIONS AND SAFETY RULES
- Montana speed limits: reasonable and prudent to existing conditions in the day time; 55 miles per hour during the hours when lights are required; except where zoned and posted for lower speeds.
For all trucks and or tractors and trailers weighing two (2) tons or more, 45 miles per hour.
 - Vehicles entering main highways from side road or drive must come to complete stop before entering highway and yield right-of-way to vehicles traveling main highway.
 - Vehicles must drive to right of center line at all times except when passing another car. Never pass where the center line is unbroken.
 - Proper signal must be given when passing another vehicle, changing direction, stopping or slowing down on the highway. Blow horn to warn the car ahead you are going to pass—Left turn, left hand and arm extended horizontally; Right turn, left hand and arm extended upward; Stop or Slow Down, left arm extended downward.
 - Observe and obey all warning signs, such as Slow, Danger, Curve, etc. They are placed there at considerable expense for your protection.
 - Never drive at a speed greater than that at which you can stop in the clear road visible ahead. Slow down at night or when the road is wet or icy.
 - When meeting at night or passing from the rear, dim your lights. Don't be afraid to dim first (courtesy promotes safety).
 - Slow down when approaching any child, pedestrian, bicycle, livestock, parked car, or other obstruction on the highway. Be prepared for the unexpected.
 - Never pass on hills or curves. Be sure you can see far enough ahead to make a safe passing before you try to do so.
 - Don't stop or park on the main traveled portion of the highway, especially on hills or curves. Pull out on the shoulder. It's safer for you and other cars.
 - Report all accidents resulting in death, personal injury or property damage of more than \$25.00 to the Highway Patrol.
 - Be careful. An alert, careful driver is the best insurance against all accidents.

MONTANA

*It Beckons
Satisfy That Urge*

Montana is famed for its rough-hewn, upended mountain grandeur; its weird Badlands; its vast vistas of rolling prairies. There are ghost towns galore that had their hey-day almost a century ago. Wild game are often seen from the highways. 32,000 miles of cool, clear water invite the fisherman to cast his line.

Located between Glorious Glacier and awesome Yellowstone Parks, Montana is the Nation's playground where you will find exactly the kind of relaxation for which you are searching.

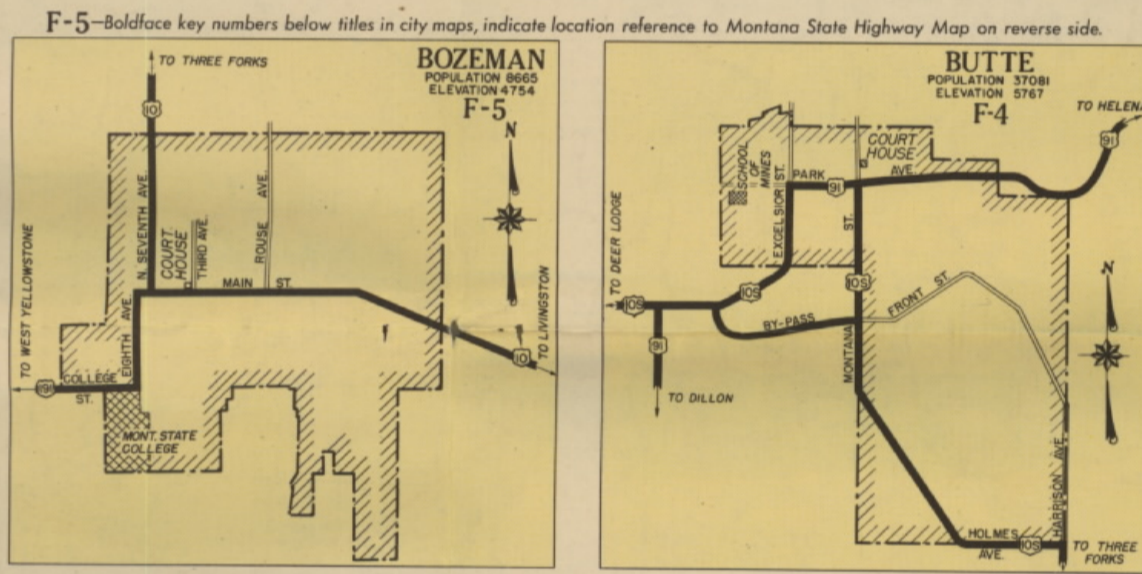

More than 5,000 miles of paved highways crisscross the State; leading you through deep canyons; over the Continental Divide; across fertile prairies; through Badlands. But there are other roads too. These are not high-speed boulevards but they will take you, safely, into the seldom visited wilderness back-country.

Montana accommodations, you will find, are the kind you like to patronize. And the rates are exceptionally reasonable.

It is the Land of Shining Mountains . . . but, also, it is the Land of Shining Opportunity. Montana's accelerating, expanding economy offers you the chance to prosper from your initiative, your skill, your ability. I invite you to become a part of the Treasure State.

As Governor, it is my privilege to welcome you to the Treasure State. I wish you many miles of happy motoring with your days filled with excitement and fun. Montana's cool nights will let you sleep and in the morning, you will be relaxed, invigorated and ready for your next Montana day.

Cordially yours,
John W. Bonner
John W. Bonner
Governor of Montana

MONTANA MILEAGE TABLE

The mileage between two points is found at the intersection of the vertical column of figures under the name of one point, and the horizontal line of figures opposite the name of the other point.

All distances are computed by way of trunk lines. Some may be materially shortened by use of secondary or county roads. Inquire locally.
