

# Lincoln Road — Montana to I-15

The Montana Department of Transportation (MDT) is improving traffic operations and safety for the Lincoln Road corridor from North Montana Avenue through the Interstate 15 Lincoln Road interchange.

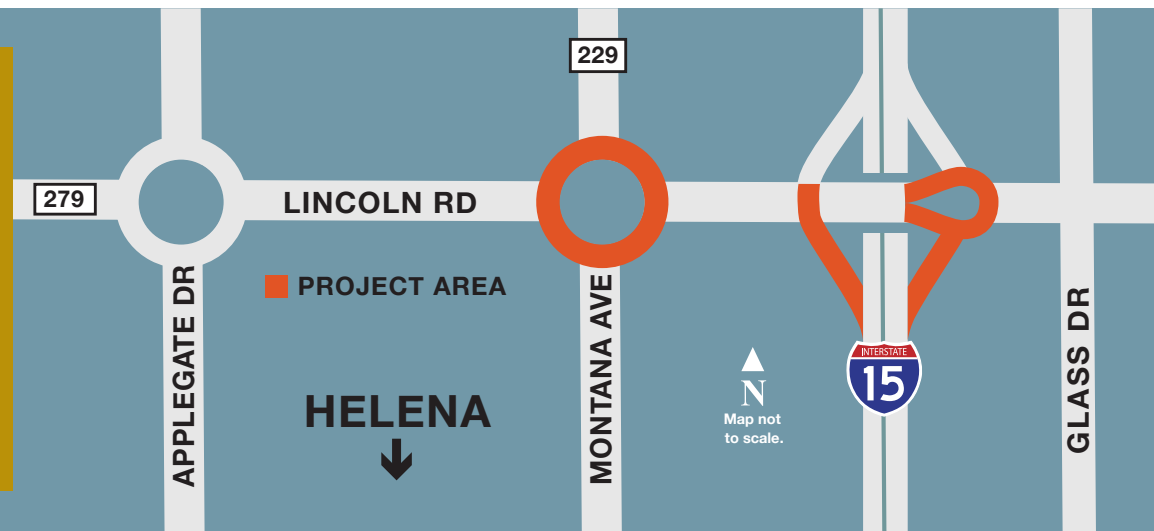

**The project includes improvements to the:**

- Lincoln Road and North Montana Avenue intersection
- Lincoln Road and southbound I-15 ramp
- Lincoln Road and I-15 northbound ramp intersection

The project is located approximately one mile from the Lincoln-Applegate Intersection Roundabout project.

## PROJECT UPDATE

MDT is in the process of finalizing design plans and will begin purchasing right-of-way soon. Construction is anticipated to begin in 2022. Construction information will be presented to the public prior to work beginning.

# Planned Improvements

## LINCOLN ROAD – NORTH MONTANA AVENUE INTERSECTION

A single-lane roundabout with a westbound right-turn bypass lane will be constructed. The bypass lane will address the high amount of westbound to northbound right-turn movements during the evening rush hour.

## LINCOLN ROAD – I-15 NORTHBOUND OFF-RAMP

A single-lane roundabout with a northbound right-turn bypass lane will be constructed. The bypass lane will increase the capacity of the northbound off-ramp to reduce stacking on I-15.

## LINCOLN ROAD – I-15 SOUTHBOUND ON-RAMP

### Improvements include:

- An additional eastbound right-turn bypass lane from Lincoln Road onto the I-15 southbound on-ramp.
- An additional lane on the southbound on-ramp.
- A westbound left-turn lane from Lincoln Road onto the I-15 southbound on-ramp.

The improvements will reduce the stacking of traffic on Lincoln Road during morning rush hour.

## NEW SAFETY FEATURE

Based on input from the public, MDT developed an additional safety feature for the Lincoln Road and Montana Avenue intersection. A pedestrian crossing signal will be installed on the north side of Lincoln Road between Bob's Valley Market and Jim Darcy Elementary.
