The Montana Department of Transportation (MDT) is improving nearly 20 miles of US Highway 89 (US 89) near Choteau.

These projects will address sharp curves, repave the highway, and widen roadway shoulders.

Planned work will enhance roadway safety features for drivers and improve traffic operations.

Stay Connected. Stay Informed.

The Montana Department of Transportation (MDT) recognizes the impact road construction has on the public and is committed to informing travelers of project updates.

ROAD
IMPROVEMENTS

Three projects. Similar goals. Staggered construction.

2020-2021
Design and information gathering.

2022-2025
On-going design, permitting, and property acquisition.

2024-2029
Expected construction.
Advertise for the construction contract.
Construction per project as funding allows.

Improvements to US 89:

1 **Updated Design.**
Improve the alignment and pavement of the roadway.

2 **New Bridge.**
Replace the Teton River Bridge.

3 **Passing Opportunities.**
Improve traffic operations by creating additional passing opportunities.

4 **Wider Shoulders.**
Additional space in the roadway shoulders will enhance safety features for motorists.

5 **Gentler Curves.**
Reduce the sharpness of the existing curves.

6 **Wildlife Pullouts.**
Upgrade existing pullouts.
