Headwaters Rest Area Public Open House Scheduled

The Montana Department of Transportation (MDT) invites you to attend either an in-person open house or a virtual public meeting to discuss the Headwaters Rest Area project, which will include the construction of a new rest area near Three Forks and the removal of the Bozeman Rest Area. MDT and the Montana Rest Area JV Partners (a C.A. Rickert and Associates Inc./Diamond Construction Joint Venture) team representatives will be providing an overview of the new rest area plan, including design features, safety plans, and the value that rest areas serve to the traveling public. A timeline of the construction will also be presented. Team members will be available to answer any questions the public may have.

MDT and the Montana Rest Area JV Partners team will be constructing a new rest area, to be named Headwaters Rest Area, near Three Forks. The new facility will be located approximately 3,000 feet north of I 90 on the west side of US 287, just north of existing commercial development. This new rest area will include many modern design and safety improvements and will ultimately replace the dated and undersized rest area located at the 19th Avenue interchange in Bozeman.

In-Person Public Open House July 20th, 2021, 4-7 pm

The in-person event will be open house format; come whenever is most convenient for you.
