## HELLO FRIENDS AND NEIGHBORS,

The Montana Department of Transportation (MDT) and its partners, Sletten Construction and engineering design consultant Morrison-Maierle are preparing to replace 11 aging bridges through the Lewistown Area Bridges-DAR Structures project.

This project is a collaboration with the Department of Defense (DOD) and is partially funded through the Defense Access Road (DAR) program, which supports essential highway improvements for defense initiatives.

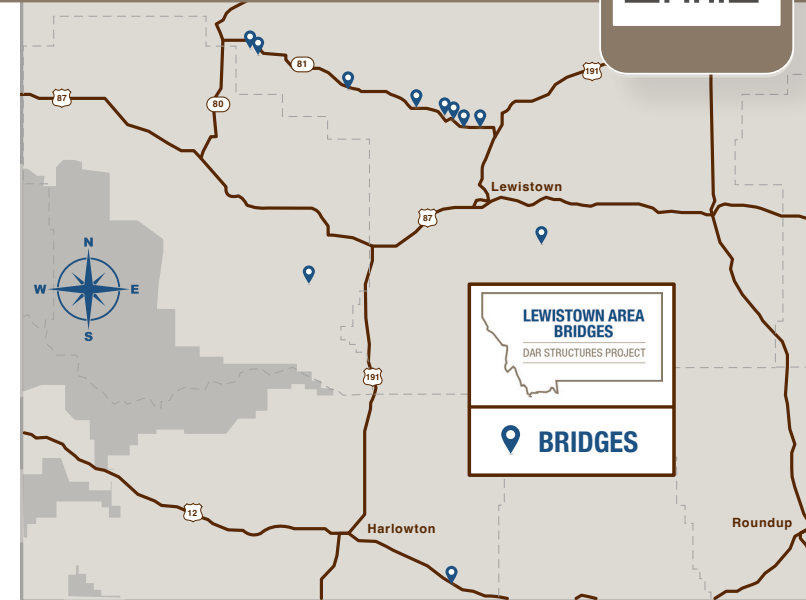

Eight bridges are located on Montana Highway 81 (MT 81) between the intersections with Montana Highway 80 (MT 80), west of Denton, and US Highway 191 (US 191), north of Lewistown. The other three structures are located on Secondary Highway 400 (S 400) southwest of Hobson, Secondary Highway 238 (S 238) southeast of Lewistown, and Secondary Highway 297 (S 297) north of Shawmut.

Join us to learn more about the project, ask questions, and give feedback directly to the project team.

No formal presentation will be made during the event, and attendees are welcome to drop by at any time.

Those who cannot attend the event can still ask questions and provide comments by contacting Sloane Stinson at [sloane@bigskypublicrelations.com](mailto:sloane@bigskypublicrelations.com) or by calling the project hotline at 406-207-4484, Monday through Friday between 9 a.m. and 5 p.m.

For more information about the project, including a list of bridges to be replaced and a map of their locations, visit [mdt.mt.gov/pubinvolve/lewistownbridges/](https://mdt.mt.gov/pubinvolve/lewistownbridges/).

Anyone needing a reasonable accommodation to participate in a Montana Department of Transportation program, service, or activity should contact the event organizer or MDT's ADA Coordinator at [mmaze@mt.gov](mailto:mmaze@mt.gov), 406-444-5416 or Montana Relay Service at 711. Requests should be made at least 48 hours prior to the scheduled event. The department will make every attempt to honor requests made within 48 hours of a scheduled event or activity.

This document is printed at state expense. Information on the cost of producing this publication may be obtained by contacting the Department of Administration
