PROJECT OVERVIEWS

MT 200 Bridges Lewistown Area:

The MDT and its partner Kiewit are reconstructing a series of 10 bridges along US 87/MT 200 in the Lewistown area. The project will replace aging and deteriorating structures in fair and poor condition with new bridges or culverts. Construction is expected to begin in April and continue through 2026.

MT 200 Shoulder & Slope Improvements:

The MDT and its partner KH Civil Contractors Inc. are improving two curves on MT 200 near mile marker 94, east of the intersection with Stillman Road, and near mile marker 97, east of the intersection with Gilt Edge Road, between Lewistown and Grass Range. This project will enhance the safety for users along the MT 200 corridor. Construction is expected to begin this spring.
