Always  
think Buckle  
Up!

EVERYONE should ALWAYS buckle-up!

Small children should  
ALWAYS ride in a child  
safety seat.

The back seat is the safest place to ride!

Everybody needs to have his or her OWN safety belt. REMEMBER: One safety belt for each person!

Remind Mom and Dad to buckle up!

"Buckle Up Bug likes the back seat and so will you."

A booster seat is the answer for you when you're too big for your car seat!

“I ride in a highback booster because my car doesn't have a headrest.”

**“I can ride in a backless booster because  
our car has a headrest.”**

“ I need help to sit up so I use a large special needs car seat.”

“ My wheelchair is kept in the trunk of the car when I travel.”

**REMEMBER:** Wear your safety belt low and snug across your hips and snug across your shoulder. Buckle up on every trip!

**Baby brother or sister is ALWAYS safest when riding rear facing in the back seat.**

Buckle-up Bug took his family on a country picnic. But he has lost all six members of his family, the picnic basket, an olive, a banana, and two sandwiches. Can you help him find everything that's missing so the picnic can continue?

Help Buckle-up Bug find his way to the parking lot. If you can get him there before anyone leaves he can be sure they are all buckled up before going home.

CIRCLE the  
way you  
buckle up in  
the car.

All the words in the following list can be found in the box below. They can be up-and-down, side-to-side, backwards and diagonal, but all in a straight line. We have circled one to show you.
